

AFTER-SCHOOL LEARNING PROGRAMMES

SPARK Educare offers a range of learning programmes to complement pupils' learning.

Pupils' learning needs vary; some may need only basic support- such as a structured, supervised learning environment at the Centre, while others may need more specific structured work schemes.

After-School Homework Club

We run an after-school homework club, providing a calm, safe space for pupils to complete their school homework. Tutors are on hand to supervise and offer support to pupils with any queries or difficulties. Students also have access to computer word processing programmes and computer learning programmes.*

SESSION LENGTH 1- 2 hours

SESSION COST

Monday to Thursday, between 3:30 pm and 6:00 pm

£ 2.50

Or £30 per month

* New students wanting to set up an account on the computer learning programmes, must pay an administration fee of £5 or book 4 homework club sessions at £2.50 in advance. SPARK Educare makes no profit on this fee.

The Intermediate Support Programme with centre support tutor

This programme provides a more structured and focussed academic support session, suitable for pupils who are not attaining "target grades" in school subjects. Students will receive 60 minutes of one-to-one teaching per session, including structured lesson plans and progress monitoring. After 60 minutes of teaching, pupils will spend the rest of their time doing independent work (with tutors on hand), using our computer based learning programmes, which provide interactive learning tasks, practice questions and further monitor the pupil's progress.

SPARK Educare is committed to providing quality academic support to our community. Please speak to a member of staff for any further inquiries you may have, or to book a student in for one of our learning programmes. For entrance Examinations into Grammar or Independent Schools (11 plus), we recommend SPARK's 11 plus package

(see other side of this sheet for details).

Grammar School Entrance Exam Preparation

At SPARK Educare, we run a high quality course to prepare your child for selection entry examinations into state grammar and or Independent schools.

We all want our children to make a happy and successful start to their secondary school life and to build on their achievements at primary school. We hope you will work with your child and take an active part in making sure your child has a bright future.

Did you know that there are 156 grammar schools in England of which about 50 are in the Greater London region? Entry examinations vary, but always include a combination of Verbal Reasoning (VR) Non-verbal Reasoning (NVR), Maths and English. Mathematics and English language are taught as part of the national curriculum in primary schools, but not VR and NVR. - We are here to help your child develop these skills.

Between **September and January of year 6**, 11+ Examinations for state grammar and Independent schools are sat for year 7 entry. It is imperative that parents and students do not leave exam preparation to the last minute- Grammar school places are highly sought after and to ensure your child has the best chances to succeed, it is important that preparation begins early.

Tuition is held on Saturday and Sunday at SPARK Educare Learning Centre, Reading. Lessons are 2.5 hours in length and are taught by experienced teachers and supported by supervisors and a team of trained assistants. The course includes:

- Teaching
- Revision sessions,
- A mock examination,
- Parents' evenings,
- Monitoring,
- Reports,
- Feedback

TUITION FEES

Year 5 Children (9/10 Year old) - (100 Hrs)

Year 4 Children (8/9 Year old) - (90 Hrs)

Please contact a member of Spark Educare to discuss fees.
